but i still couldn't get sound while playing..the image is shown properly for the first 10-15 minutes of the download, then it stops and the image from server is displayed..this seems to be a problem with the link the torrent download page uses. where is the download link from, i can download it from directly, but i want it as a torrent download. let me know.. NOKIOKE 11-28 06:36 AM I am quite surprised to see this. puch 10-27 08:14 PM I think we can register not only

through electronic system but we can also do physical transfer. We might have setup a paperless office but still need a physical copy for the transfer. Since the physical transfer at customer's end is no longer required, it would be more easier to clear the status "on hold" than "processed" as many folks do. thx puch 10-27 08:14 PM Hi all, I am on the gwmebis.in site with 6 items pending for clearing, their is a process where staff will be on site for the 20 days to clear these items. However, does anyone have any idea where those 20 days can be used in addition to the normal 21 days or even when there is a holiday? I am phsing. I am presently in Pakistan and it's been three months since I left India in December and my case did not reach the embassy and today when I went to the U.S. Embassy in Islamabad it was closed and of course it's off hours. I have been retuning the numbers more than once as a loop. Now I am tired and they have not contacted me even once in the past three months. I need a miracle! I need to talk to them immediately. I have some serious problems in my life and I am wondering if they will let me go home. If I have

to stay here for another 30 days I am considering wasting my money on the airline tickets but will take care of the embassy procedures by visiting the embassy once a week. I am trying to find out the next option but there is no way for me to find that out. I need a miracle to fix this
