1.0.0.1 2. Hi! I used to have a link to a page that contains free crack or keygen downloads with direct links to the source code and other useful information. However that site is down since 2011 and I now have a link to the download page of another site. It looks like a lot of stuff has changed since then and there are no direct links to the cracked software, the keygens etc. that I remember from the old download page. I was wondering if anyone knew where I could find those free apps?
